ESTEFANY DANIELA MARTÍNEZ NIÑO

Web Developer · Virtual Assistant · IT Support — Bogotá, Colombia (remote-ready)

estefanydanielamartineznino@gmail.com · LinkedIn · github.com/DanielaM1293 · estefanymar.netlify.app

Summary

Web developer and administrative/IT support professional. Since 2023 I have worked as a freelance web designer/developer and as a legal assistant, delivering client websites while drafting formal documents and managing deadlines. I completed an IT support internship (864 h, grade 4.5/5), hold a Software Analysis and Development technologist degree, and am studying Software Engineering. I built a full-stack productivity app (Flask, SQLite, Chart.js) as my Harvard CS50x final project. Upper-intermediate English (B2).

Technical Skills

- **Web:** HTML/CSS, JavaScript, React, Angular, Tailwind CSS, responsive design, Netlify deployment
- **Backend & data:** Python (Flask, Pandas, NumPy, scikit-learn), SQL, Excel and Access, charts and dashboards
- **IT support:** troubleshooting, virtual machines, automation scripts, networking and cybersecurity fundamentals
- **Tools:** Git/GitHub, Microsoft Office
- **Administrative:** client and email management, case follow-up, formal written responses (PQRS), deadline tracking

Selected Projects

- **Mi Mundo** (Harvard CS50x final project) — Bilingual (EN/ES) productivity web app with finances, agenda, Kanban board and course tracking. Flask, SQLite, Chart.js. github.com/DanielaM1293/MiMundo
- **Pixials News** — Tech news platform built with Angular.
- **Martínez Iure Law Office website** — Complete professional site for a law firm, from requirements and design to deployment.
- **NFL Draft prediction** (GCI World 2026) — Classification model predicting NFL Draft selection (metric: AUC) using Python, Pandas and scikit-learn.

Experience

Freelance Web Designer & Developer — 2023 – Present

- Built and published websites for clients, from requirements and visual design to layout and deployment.
- Delivered a full professional site for a law office and a creative portfolio site.

Legal Assistant, Martínez Iure Law Office — 2023 – Present

- Drafted tutelas, contempt motions, incidents, legal briefs and PQRS petitions with strict attention to detail.
- Managed client requests, case follow-up and legal deadlines.

IT Support Intern (Software Development track), ETB — Jul 2024 – Jan 2025 · Bogotá

- Practical stage of the Software Analysis and Development Technologist program (SENA), 864 h, grade 4.5/5.
- Resolved internal user requests on applications and systems, explaining solutions in simple language.
- Wrote automation scripts, managed virtual machines and produced Excel tracking reports.

Education

- **B.Sc. in Software Engineering** (in progress, 6th semester) — Politécnico Grancolombiano
- **Technologist in Software Analysis and Development** — SENA, 2023 – 2025
- **Software Programming Technician** — SENA, 2021 – 2022
- **CS50x**, Harvard University · **Code in Place**, Stanford University · **GCI World (Machine Learning)** — 2026

Key Certifications

Frontend Web Development: React & Redux (SENA, 80 h) · Python Essentials 1 & 2 (Cisco) · CCNA: Introduction to Networks (Letter of Merit) · Ethical Hacker (Cisco) · AI Solutions Implementation (SENA)
